IBM leadership in action...

Panel of decision makers

Today, IBM electronic panels like this are paving the way for a whole new family of lightning-fast computers and data processing machines — “decision makers,” adaptable to large or small business, that can be mass-produced with typical IBM precision.

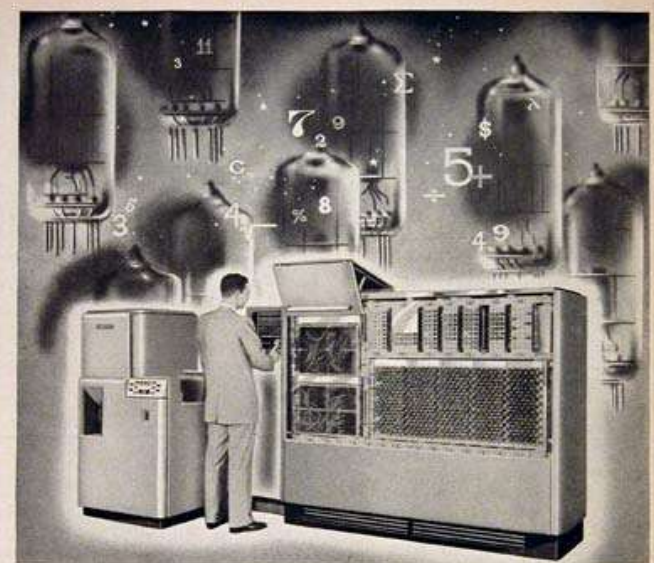

These tiny, power-packed transistors mounted on printed wiring panels replace bulky vacuum tube assemblies. By greatly reducing heat output and by effecting dramatic savings in space and power requirements, their use in IBM electronic data processing machines results in vastly simplified installations.

Through the use of developments such as this, IBM is bringing the revolutionary, yet practical, benefits of electronics to more businesses than ever... helping America work better and faster — at low cost.

**“thinking” for Canadian business ...
the UNIVAC 120**

Does the UNIVAC 120 really think?

Many executives who use today's most advanced punched-card computer say ... “Yes!” Because it makes dozens of record-keeping decisions and calculations every second. Because it figures out the complete story on profit changes while the facts are still useful. It simplifies and solves,

among other things, the most complicated payroll, production and billing problems.

The Remington Rand Univac 120 actually does replace routine human thinking. Take time-keeping, for example. Univac 120 arrives at pay hours while allowing thousands of variations in shift time, pre and post shift time, lunch hours, etc. — checks its own computations — flags obvious human recording errors.

Does Univac 120 eliminate intelligence? Certainly not. But it does free your skilled personnel for creative thinking. Whenever you pay for clerical chores that involve analyzing, classifying, making logical decisions, comparing and calculations ... Univac 120 electronic methods will earn their way repeatedly in speed, accuracy, and efficiency. Put it squarely up to us to show you how and where.

Eisenhower Urges Anti-Red Crusade

Expose Poisonous Propaganda, President's Plea to Publishers.

NEW YORK, April 22 (AP)—President Eisenhower called tonight for an American crusade against "the poisonous propaganda of the Soviets" — a crusade to win world peace and avert an age of atomic horror.

The President urged the nation's newspapers and other news media to take the lead in a greater effort to build a "co-operative peace" while never forgetting that "aggression is still a terrible reality."

No Delay in Geneva Parley Seen

PARIS, April 22 (AP)—An American source said tonight the western powers have reached a firm fresh agreement on refusal to accept Communist China as a host nation at the Geneva conference.

This source disputed a statement from a non-American informant earlier that still unsettled procedural questions might delay the Geneva meeting on Indo-China and Korea.

BATTLE LINE—Principals in Army-McCarthy inquiry faced each other across table corner of Senate hearing. Left, Army Secretary Stevens confers with Army Counsel John Adams. Beside Stevens is Maj. Gen. Robert Young. At right, Sen. Joseph McCarthy confers with his counsel, Roy Cohn, also a principal in the case.

'Perversion of Power' Charged by Stevens; Clashes Mark Quiz

WASHINGTON, April 22 (AP)—Army Secretary Stevens charged today that Sen. McCarthy and Roy M. Cohn were guilty of a perversion of power in their efforts to get an Army commission for G. David Schine.

Stevens, who once went white with anger, also testified that Cohn threatened war on the Army after he was denied adittance to a secret radar laboratory at Ft. Monmouth, N.J. Stevens said Cohn declared, "We will really investigate the Army now."

Stevens leveled the charges at the opening of the Senate investigating subcommittee's televised inquiry into the angry Army-McCarthy row. The session also produced clashes between McCarthy and an Army general and subcommittee Democrats.

General Testifies
Maj. Gen. Miles W. Roben, former liaison officer between the Army and Congress, swore that McCarthy and Cohn, the Senator's chief counsel, exerted great pressure in an attempt to get a commission for Schine, former subcommittee aide who since has been drafted.

McCarthy fired back that Roben was guilty of bias and prejudice because his brother, Samuel Roben, had been forced to resign from a high State Department post as the result of an investigation by the McCarthy subcommittee.

McCarthy's Countercharges
The investigation also involves charges by McCarthy and Cohn that the Army used Schine as a hostage to blackmail them into calling off an inquiry into alleged Army Reds.

THE SHAME OF AMERICA

Do you know that the United States is
the Only Land on Earth where human
beings are BURNED AT THE STAKE?

In Four Years, 1918-1921, Twenty-Eight People Were Publicly
BURNED BY AMERICAN MOBS

3436 People Lynched 1889 to 1922

For What Crimes Have Mobes Nullified Government and Inflicted the Death Penalty?

The Alleged Crime	The Victim	Why Some Mobes Lynched
Murder.....	1,000	The wrong sort of mob for white law is seen
Crime against the Person.....	1,000	Being a relative of a person who was lynched
Crime against Property.....	1,000	Jealousy & labor union
Witnessing Crime.....	1,000	Being a member of the Free People's League
Allegation of Crime.....	1,000	"Telling tales" in a white mob
		"Lynching" white mob

Is Rape the "Cause" of Lynching?

10,000 people lynched by mobs in our country, and 10% of that time, 10 per cent, were accused of the crime of rape.

83 WOMEN HAVE BEEN LYNCHED IN THE UNITED STATES

Do lynch mobs believe that they were lynched for "the usual crime"?

AND THE LYNCHERS GO UNPUNISHED

THE REMEDY

The Dyer Anti-Lynching Bill Is Now Before the United States Senate

The Dyer Anti-Lynching Bill was passed on January 18, 1922, by a vote of 220 to 159 in the House of Representatives.

The Dyer Anti-Lynching Bill provides:

That relative to mob violence and activities shall be used to prevent crimes on behalf of those who are not and that a reward is made a lynch mob shall be fined \$10,000, maximum in a Federal Court.

The President Executive Order signed the Bill to open the Grand Jury Commission.

The Constitutionality of the Dyer Bill has been affirmed by:

The Judiciary Committee of the House of Representatives
The Judiciary Committee of the Senate
The United States Circuit Court, legal advice of Congress
Judge J. H. Galt, of the Department of Justice

The Dyer Anti-Lynching Bill is not intended to prevent the public, but to prevent every person accused of crime who is the person of law.

Brown vs Board of Education, 1954 overturns Plessy

“Segregation of white and colored children in public schools has a detrimental effect upon the colored children. The impact is greater when it has the sanction of the law, for the policy of separating the races is usually interpreted as denoting the inferiority of the Negro group...Separate educational facilities are inherently unequal.”

-- Earl Warren, Chief Justice, US Supreme Court
