Student Name: Jose Barbeito

Class Name: MAE480 Senior Design

Class "Project" Title: Rotating Detonation Combustor Turbine Generator

Class Dates: Fall 2024 through Spring 2025

Intended Class "Sponsor": James Braun

As a condition of my participation in the above-mentioned Project supported by North Carolina State University under an agreement from the Sponsor identified above, I agree to observe all institutional policies and procedures applicable to such participation. I further agree to make every reasonable effort, commensurate with the responsibilities assigned to or assumed by me in connection with my participation in this effort, to perform the obligations and requirements therewith. In connection with my participation, I specifically understand and agree to the best of my knowledge and abilities, to the following:

1. This Project is not related to any other sponsored project agreement, a thesis or dissertation in which I am a principal and does not compromise obligations to any other constituent of the institution including other students or faculty.
2. I will make complete and systematic notes and records relating to the Project, including full and accurate descriptions of all experiments, observations, data, results, discoveries, inventions, designs, models, works of authorship (including computer software), task works and the like; maintain and preserve such notes and records and models, samples, databases, software, etc. make them available for inspection and use at the request of NC State or a unit or agent thereof; and, deliver them to my supervisor, faculty advisor, or other agent of NC State at the conclusion of my participation in the Project.
3. I will not engage in activities that may constitute or result in infringement of any patent, copyright, right of privacy or other legal right obtained during my participation in Project.
4. I will observe institutional restrictions regarding publicity and use of NC State's identity and/or marks.
5. For a period of three (3) years from the date of disclosure, I will maintain confidential proprietary information and data derived there from supplied by NC State, or by my colleagues participating in the Project, when identified in writing as being proprietary and confidential and will not disclose such information to others without the prior written consent of NC State.
6. I understand that under North Carolina law and NC State University's Policy on Patents and Copyrights, intellectual property created by me through the use of NC State University research funding, facilities and/or my participation during this Project is owned by NC State University.
7. In consideration for being allowed to participate in this Project, I hereby assign to the University, or to a third party if directed to do so by the University, any and all rights and title that I may personally have in such discoveries, inventions, designs, works of authorship; items and in any patents, copyrights, mask work protection, etc. covering the same. I agree to fully cooperate with NC State University's Office of Research Commercialization (ORC) in preserving and perfecting these legal rights by affixing appropriate copyright notices, executing necessary documents and otherwise, including refraining from premature public disclosure which might jeopardize such legal rights.
8. This agreement shall be governed by the laws of the State of North Carolina.

I have read this Agreement, understood its contents, and I executed it of my own free will:
