CHE 330 / 331 Oral Presentation Grade Sheet - Presentation Slides

Experiment:				Date:		Group:
Group	1 (Poor)	2 (Satisfactory)	3 (Excellent)	Weight		
Technical Accuracy and Depth	Numerous serious errors / omissions	A few minor errors / omissions or room for more technical depth	Thorough with very few or no errors / omissions	5		
Error Analysis	No error analysis presented	Uncertainties missing from some values	Uncertainty explicitly presented	2		
Clarity	Unclear message	Minor clarity issues	Easy-to-understand presentation	4		
<i>Title Slide (pg. 73)</i>	Text on blank background	Missing one or more of "Excellent" criteria	Attractive slide with image providing entry point to work	2		
<i>Mapping Slide (pg. 77 and 179)</i>	Anchored with bullets and no images	Anchored with bullets and images	Anchored with images rather than bullets	2		
<i>Slide adherence to evidence-assertion format (pg. 105-184)</i>	More of a "typical" Powerpoint presentation	Inconsistently achieves "Excellent" criteria	Consistently avoids topic/subtopic structure, minimal text, heavy reliance on visual evidence	5		
<i>Concluding Slide (pg. 183)</i>	Essentially a blank slide with "Questions?"	Either does not effectively emphasize key takeaway or no/poor image	Slides emphasizes main takeaway with supporting image	2		
Timing	Longer than 20 minutes	Presentation too short	Completed within 20 minutes but not exceptionally short	2		
Question Handling	One person dominates Q&A session	One or two Q&A people answered most questions	All Q&A people readily participated	1		
Hard copy	No hard copy provided	Hard copy doesn't match presentation	Hard copy provided	2		
Citations	Multiple missing citations	One missing citation	All citations present	3
