

MATERIAL SAFETY DATA SHEET

SECTION 1. Identification of the substance/mixture and of the company/undertaking

CH-325 from COMPOLITE

1.1 Product identifier

Product name : CH-325
Chemical product name : Polyethylene&TPE.
Chemical formula : Not applicable.
REACH Registration number : Not available.

1.2 Relevant identified uses of the substance or mixture and uses advised against

Recommended use : ballistic proof products/composite products

1.3 Details of the supplier of the safety data sheet

Supplier :Zhejiang Compolite Technology Co., Ltd
Building 9, No.866 South Baiyun Road, Leidian
Town, Huzhou City, Zhejiang Province
HUZHOU. ZHEJIANG. CHINA

1.4 Emergency telephone number

Emergency telephone Number : +86 18511679098.
Fax : /.

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Product definition : Mixture

Classification according to Directive 1999/45/EC [DPD]

The product is not classified as dangerous according to Directive 1999/45/EC and its amendments.

Classification : Not classified.

Physical/chemical hazards : Combustible.

Human health hazards : Based on the available data of this product no hazardous properties are known.

Environmental hazards : Based on the available data of this product no hazardous properties are known

2.2 Label elements

Hazard symbol or symbols : **According to EU Directives 67/548/EEC and 1999/45/EC**
Indication of danger this product does not require labelling with symbols and/or R- phrases.

Safety phrases : Not applicable.

Hazardous ingredients : Not available.

MATERIAL SAFETY DATA SHEET

2.3 Other hazards

Other hazards which do not result in classification : Not available.

SECTION 3: Composition/information on ingredients

Substance/mixture : Mixture

SECTION 4: First aid measures

At room temperature the product is neither an irritant nor gives off hazardous vapours. The measures Listed below apply to critical situations(Fire, incorrect process conditions).

Skin Contact

If molten material contacts the skin, immediately flush with large amounts of water to cool the Affected tissues and polymer. Do not attempt to peel the polymer from skin. Obtain immediately Emergency medical attention if burn is deep or extensive.

Eye contact

Flush eyes thoroughly with water for several minutes and seek medical attention if discomfort Persists.

Inhalation

If symptoms are experienced, move victim to fresh air. Obtain medical attention if breathing difficulty persists.

Ingestion

Adverse health effects due to ingestion are not anticipated.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Small fire Suitable : Use dry chemical or CO₂.

Large fire Suitable : Use dry chemical powder. Alcohol-resistant foam.

MATERIAL SAFETY DATA SHEET

5.2 Special hazards arising from the substance or mixture

Hazards from the substance or mixture : No specific hazard

Hazardous combustion Products : In case of fire, may produce hazardous decomposition products such as carbon monoxide, carbon dioxide, (dense) black smoke, aldehydes, organic acids.

5.3 Advice for firefighters

Special precautions for fire-fighters : No special measures required.

Special protective equipment for fire-fighters : Wear suitable protective clothing. Self-contained breathing. : apparatus.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency Personnel : No action shall be taken involving any personal risk or without suitable training. Do not touch or walk through spilt material.

For emergency Responders : If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also Section 8 for additional information on hygiene measures

6.2 Environmental

Precautions : No special measures required.

6.3 Reference to other Sections protective

: See Section 1 for emergency contact information.
See Section 8 for information on appropriate personal Equipment. See Section 13 for additional waste treatment information.

SECTION 7: Handling and storage

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

7.1 Precautions for safe handling

Protective measures : Use with adequate ventilation.

MATERIAL SAFETY DATA SHEET

Advice on general occupational hygiene	: Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas
7.2 Conditions for safe storage, including any incompatibilities	: Store in a fireproof location. Keep away from incompatible materials and avoid specific conditions (See section 10). Keep away from heat and direct sunlight. Keep the box closed
7.3 Specific end use(s)	
Recommendations	: Not available.
Industrial sector specific Solutions	: Not available.
Remarks	: Entanglement with this high strength fiber can severely cut or sever fingers. Do not touch moving threadlines. Never stack pallets and boxes more than two high to prevent the risk of them falling over. Take precautionary measures against electrostatic discharges.

SECTION 8: Exposure controls/personal protection

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

8.1 Control parameters

Recommended monitoring

Procedures

: If this product contains ingredients with exposure limits, Personal, work place atmosphere or biological monitoring may be required to determine the effectiveness of the respiratory other control measures and/or the necessity to use protective equipment. Reference should be made to European Standard EN 689 for exposure methods for the assessment of hazardous.

MATERIAL SAFETY DATA SHEET

Derived effect levels

No DELs available.

Predicted effect concentrations

No PECs available.

8.2 Exposure controlsAppropriate

engineeringControls

: Use only with adequate ventilation.

Individual protection measures

Hygiene measures

: When using do not eat, drink or smoke. Wash hands after handling compounds and before eating, smoking and using the lavatory and at the end of the day.

Eye/face protection

: No special protection is required

Hand protection

: No special protection is required

Skin and body

: Working clothes.

Respiratory protection

: No special protection is required. In case of insufficient ventilation, wear suitable respiratory equipment.

Environmental exposure Controls

: Emissions from ventilation or work process equipment checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume process scrubbers, filters or engineering modifications to the equipment will be necessary to reduce emissions to acceptable levels.

Remarks

: The fibre is treated with a spin finish which contains components that may cause irritation to eyes and skin after prolonged contact.

Advice on personal protection is applicable for high exposure levels. Select proper personal protection based on a risk assessment of the actual exposure situation.

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Physical state

: Solid. [Fibres.]

Colour

: White.

Odour

: Not available.

Odour threshold

: Not available.

pH

: Not available

Melting point

: 130 to 200 °C

Initial boiling point and Decomposes.

boiling range

: >300 °C

Softening range

: Not available

Flash point

: >400 °C

Evaporation rate

: Not available

Flammability (solid, gas)

: Not available

Burning time

: Not available

Burning rate

: Not available

Upper/lower flammability or

MATERIAL SAFETY DATA SHEET

explosive limits	: Not available
Vapour pressure	: Not available
Vapour density	: Not available
Relative densit	: 0.97 to 0.98 (Water = 1)
Density (g/cm ³)	: 0.97 to 0.98 g/cm ³
Bulk density	: Not available.
Solubility	: Insoluble in the following materials: cold water.
Solubility in water	: Not available.
Solubility at room Temperature	: Not available
Partition coefficient: noctanol/Wate	: Not available.
Auto-ignition temperature	: Not available
Decomposition temperature	: >300°C
Viscosity	: Not available.
Explosive properties	: Not available.
Oxidising properties	: Not available.

9.2 Other information

Remarks : Not available.

SECTION 10: Stability and reactivity

10.1 Reactivity	: No specific test data related to reactivity available for this product or its ingredients.
10.2 Chemical stability	: Stable under recommended storage and handling conditions (see section 7).
10.3 Possibility of hazardous reactions	: Under normal conditions of storage and use, hazardous reactions will not occur.
10.4 Conditions to avoid	: Keep away from heat, sparks and flame. Temperatures above the melting point.
10.5 Incompatible materials	: Strong oxidising materials.
10.6 Hazardous decomposition products	: No specific data.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity
Conclusion/Summary : Not available.

Irritation/Corrosion
Conclusion/Summary
Skin : Not available.
Eyes : Not available.
Respiratory : Not available.

Sensitiser
Conclusion/Summary
Skin : Not available.
Respiratory : Not available.

Mutagenicity
Conclusion/Summary

MATERIAL SAFETY DATA SHEET

Carcinogenicity : Not available.

Conclusion/Summary

Reproductive toxicity : Not available.

Conclusion/Summary

Teratogenicity : Not available.

Conclusion/Summary : Not available.

Potential acute health effects

Inhalation : No known significant effects or critical hazards.

Ingestion : No known significant effects or critical hazards.

Skin contact : No known significant effects or critical hazards.

Eye contact : No known significant effects or critical hazards.

Symptoms related to the physical, chemical and toxicological characteristics

Inhalation : No specific data.

Ingestio : No specific data.

Skin contact : No specific data.

Eye contact : No specific data.

General : No known significant effects or critical hazards

Carcinogenicity : No known significant effects or critical hazards.

Mutagenicity : No known significant effects or critical hazards.

Teratogenicity : No known significant effects or critical hazards.

Developmental effects : No known significant effects or critical hazards.

Fertility effects : No known significant effects or critical hazards

Remarks : UHMWPE filaments from ICD TREVO were tested according to the draft protocol ECB/TM/1(00)rev.2, Draft-4, Length weighted geometric mean diameter of fibres. The length weighted geometric mean diameter, when adjusted for two standard errors, was in the range 17.93 and 18.32 micrometers. The observed diameter of the fibres is too large to produce respirable fibres. So UHMWPE fibres from ICD TREVO will never reach the deeper part of the respiratory tract and fibrogenic or carcinogenic effects on the lung will not occur.

SECTION 12: Ecological information

12.1 Toxicity

Conclusion/Summary : Not available.

12.2 Persistence and degradability

Conclusion/Summary : Not available.

Product/ingredient name	Aquatic half-life	Photolysis	Biodegradability
Polyethylene.	-	-	Not readily

12.3 Bioaccumulative potential

Not available.

12.4 Mobility in soil

Soil/water partition coefficient (KOC) : Not available.

MATERIAL SAFETY DATA SHEET

Mobility : Not available.

12.5 Results of PBT and vPvB assessment

PBT : Not applicable.

vPvB : Not applicable.

12.6 Other adverse effects : No known significant effects or critical hazards.

Remarks : is not biodegradable and not toxic to aquatic organisms.

SECTION 13: Disposal considerations

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

13.1 Waste treatment methods,

Product

Methods of disposal : Waste must be disposed of in accordance with national and local environmental regulations.

Hazardous waste : Within the present knowledge of the supplier, this product is not regarded as hazardous waste, as defined by EU Directive 91/689/EEC.

Packaging

Methods of disposal : The generation of waste should be avoided or minimised wherever possible. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible.

Special precautions : This material and its container must be disposed of in a safe way. Empty containers or liners may retain some residues. Avoid product dispersal of spilt material and runoff waterways, and contact with soil, drains and sewers.

SECTION 14: Transport information

	ADR/RID	ADN/ADNR	IMDG	IATA
14.1 UN number	Not regulated.	Not regulated.	Not regulated	Not regulated
14.2 UN proper shipping name

[DSD/DPD]

: Not applicable.

Alterations compared to the previous version

: Alterations compared to the previous version are marked with a little (blue) triangle.

Training advice

: Before handling this substance/preparation, the personnel involved should be instructed by means of this safety data sheet.

Notice to reader

The information contained in the Safety Data Sheet is based on our data available on the date of publication. The information is intended to aid the user in controlling the handling risks; it is not to be construed as a warranty or specification of the product quality. The information may not be or may not altogether be applicable to combinations of the product with other substances or to particular applications.

The user is responsible for ensuring that appropriate precautions are taken and for satisfying themselves that the data are suitable and sufficient for the product's intended purpose. In case of any unclarity we advise consulting the supplier or an expert.
