PRE-ENROLMENT ON UNIVERSITALY

Please remember to complete the online **pre-enrolment procedure for A.Y. 2025/26** on the [University portal](#).

The pre-enrolment procedure:

- usually opens in spring;
- is the **first compulsory step in order to obtain your Study Visa**: the sooner you finalise the procedure, the sooner you will be able to arrange your arrival to Padua.

You will be notified via email once the pre-enrolment procedure for **Academic Year 2025/26** has been made available on the University Portal.

Do NOT start the pre-enrolment procedure before the form for Academic Year 2025/26 has been made available.

KEY INSTRUCTIONS

The procedure is divided into **three steps** (personal data, Embassy/Consulate and degree programme, entry qualification).

Given the importance of the procedure, please be sure to enter all the relevant information correctly. A video tutorial will also be available soon to guide you through the procedure.

1. The procedure is online-based. You are kindly invited to complete the registration on **University** once the procedure for A.Y. 2025/26 has been made available and by **July 15th, 2025**.
2. The University Portal is available both in English and Italian.
3. Select **Academic Year 2025/26**. Do **NOT** select other Academic Years. If Academic Year 2025/26 is not selectable, it means the procedure has not been made available yet. In this case, wait for further instructions from our Office.

4. Both the **tax code** and **ID account at the chosen University** sections are **NOT compulsory**. You can leave these fields blank.
5. When required, please select the **Italian Embassy/Consulate** where you will apply for your Study Visa (check the list).
6. Select '**Università degli Studi di Padova**' and **ONLY** the degree programme to which you have been admitted (i.e. the one for which you received your Admission Letter).
7. You are required to upload **ONLY** a passport size picture of your face and your **valid** passport. Do **NOT** upload any other document.
8. **IF** you have already submitted a pre-enrolment for the previous academic year(s), you are required to fill in a new pre-enrollment form for the 2025/26 academic year.

Only students who have successfully pre-enrolled by July 15th, 2025 through University at the Italian Embassy/Consulate in their country of residence can apply for a Study Visa to Italy and subsequently finalise their enrolment at the University of Padua.

APPLYING FOR A STUDY VISA

The visa procedure is **managed exclusively by Italian Embassies and Consulates**.

For detailed information on the procedure to request a visa, contact the Italian Embassy/Consulate in your country of residence.

You will need to apply for a **Study Visa to Italy** (*D - immatricolazione*).

STUDY VISA REQUIREMENTS

When submitting a Study Visa application to the Italian Embassy/Consulate, you need to meet the following:

GENERAL REQUIREMENTS

- hold a valid passport, recognised by Italian Authorities and valid for at least three months subsequent to your planned period of stay in Italy;
- 9. have adequate means of subsistence, indicated by the Italian **Ministry of University and Research (MUR)**, for the whole duration of your stay in Italy;
- prove you possess financial means for repatriation;
- prove suitable accommodation in Italy;
- prove adequate health insurance coverage.

COUNTRY-SPECIFIC REQUIREMENTS

Italian Embassies/Consulates may mandate additional requirements. Contact the Italian Embassy/Consulate in your country of residence to verify the existence of any additional requirements.

PLEASE NOTE:

- It is **your responsibility** to start the process as soon as possible as the visa may take up to three months or longer to be obtained.
The University of Padua is not responsible for the visa process and will not start it on your behalf.
- Your admission as a student at the University of Padua does **NOT** guarantee the issuance of your visa. The decision to grant you a visa rests entirely with the Italian Embassy/Consulate.

COMPLETING YOUR ENROLMENT

UNIWEB PROVISIONAL ACCOUNT

UNIWEB is the platform where you can manage your academic career, select your study plan, pay your tuition fees, register for exams and all other related activities.

You are NOT required to register on Uniweb. The Admissions & Welcome Unit will create an account on your behalf and, approximately by the end of August, you will receive the instructions and the specific

deadline to activate it, so to have your enrolment finalised.

ENROLMENT DOCUMENTS

Enrolment procedures will be finalised **ONLY** after the achievement of the entry qualification and the proof of language proficiency according to the requirements and the deadline indicated [here](#).

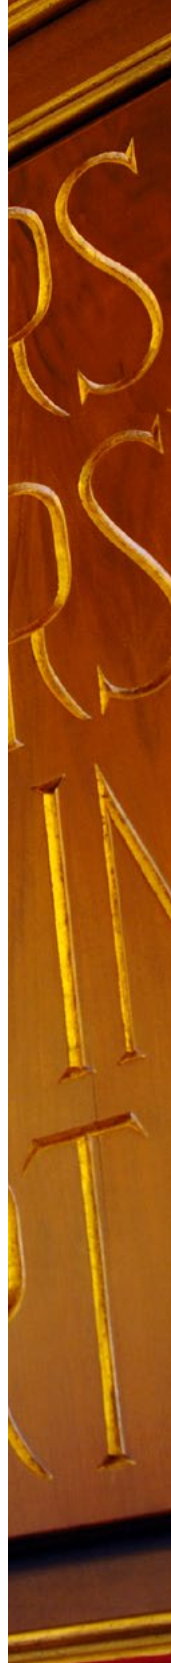

To finalise your enrolment you are required to provide:

- Your **final diploma** (Upper secondary education diploma **OR** Bachelor's degree and relative transcript of records) translated into Italian or English and **legalised** by the competent authorities of the country where you have obtained it. Please check the [directives](#) set by the Italian Ministry of Foreign Affairs and International Cooperation.

If the country where your qualification has been achieved is a [member of the Hague Convention](#) (1961), an **Apostille** must be affixed by competent authorities, instead of the legalisation.

As an alternative, the **Statement of Verification** issued by CIMEA can be requested, upon payment, through a personal account on [MyDiplome](#).

Click [here](#) for more information.

Legalisation (or one of the above-mentioned alternatives) is **NOT** required if your qualification has been awarded in countries where specific international agreements have been established: *Austria, Belgium, Denmark, France, Ireland, Germany, Latvia, Luxembourg, Netherlands, Poland, Portugal and San Marino.*

- Travel documentation to come to Padua;
- Passport, with your Study Visa to Italy (*D - immatricolazione*);
- **Residence permit application receipt (Assicurata)** - this is the only document that cannot be prepared in advance; it will be possible to apply for the Italian residence permit only after your arrival in Padua (please see §3.3).

Once arrived in Padua, some students may be required to show the original hard copies of the above-mentioned documents by booking an **in-person appointment** [here](#). Check [our website](#) for further information.

Please note that it may take several months to obtain some of the required documents.
Start preparing the necessary documents as soon as possible!

How to get here by airplane, train, car or bus

ITALIAN TAX IDENTIFICATION CODE

The **Italian Tax Identification Code** (*codice fiscale*) is an alphanumeric code that allows Italian authorities to identify any person. The tax code is essential if you need to sign a contract in Italy, open a bank account, access many public services (including healthcare services) and it is also needed to enrol at the University of Padua. The official tax code is issued by the Italian Revenue Agency (*Agenzia delle Entrate*).

You are NOT required to apply for a tax code.

The Admissions & Welcome Unit will apply for a tax code on your behalf and will send you the digital official certificate via the application platform **before your arrival**. Should you already have an official tax code, please inform us via the dedicated task on the application platform.

ITALIAN RESIDENCE PERMIT

You must apply for a residence permit for study purposes within **8 working days** from your arrival in Italy.

In order to do so, you must:
